A tramp named Thomas Hennessy was arrested for causing a chemical explosion in the Pennsylvania Railroad depot in Jersey City on March 4. George Frederick Parker, president, and R. W. Witherell, secretary, of the "British American Claim Agency," were arrested in New York, March 4, for using the mails for fraudulent purposes and for violating the State laws as well. The alleged swindle is the old one of ferreting out supposed claims of heirs to vast estates in Great Britain and to sections of \$150,000 or so lying unclaimed in the Bank of England.

Personal friends of President Cleveland say he is beginning to display unmistakable symptoms of excessive application to business, and that during the last month especially he has been subjected to wear and tear of the most trying kind, keeping him at the desk until far into the night, without interfering with his habit of early rising. After adjournment of Congress it was his intention to seek respite from official cares.

The bill providing for the redemption of trade dollars and the anti-Polygamy bills have become laws without the President's signature.

Senators Edmunds, Hawley and others have inspected the plans of Stanford's University, and pronounce the design the most unique and beautiful they ever saw.

Charles Dudley Warner has left Chicago for Southern California, under medical advice for treatment for a bronchial affection which has of late troubled him.

The bloody feud between the towns of Leoti and Coronado in Kansas continues, and the Governor has been called upon for State troops. It is said the men in both towns sleep with their guns handy, and after gaining admission a stranger finds Winchester at every turn. They stand in the door-ways and merchants bring their guns to wait on customers.

The officials gave the crofters free passage home and advised them to go at once.

The Journal de St. Petersburg reports that the Ameer of Afghanistan's preparations for a holy war are likely to cause more alarm in Bombay and Madras than at the Russian headquarters in Central Asia, where no attack is meditated against the Ameer's possessions.

A sensation was caused by the perpetration of very extensive incendiarism on the night of Mar. 3 in the country surrounding Limerick. A large number of houses were burned. The victims in all cases were persons who paid rents. The outrages were set down as political. Great excitement prevails. The aggregate of property destroyed is very large. The fires were caused by armed incendiaries who escaped. The district was ablaze all night with burning houses and hay.
